Re: Harman Accentra 52i-TC Renewal (Cert # 84-17)

Mr. Sanchez,

The purpose of this letter is a formal request for Renewal of Certification for the:

**Hearth and Home Technologies Harman Accentra 52i-TC
EPA Certificate Number: 84-17**

HHT affirms that the **Harman Accentra 52i-TC** continues to be similar in all material respects that would affect emissions to the representative wood heater submitted for testing on which the original certificate of compliance was based. Hearth and Home Technologies is requesting a waiver from renewal certification testing and a five year extension for this certification. The **Harman Accentra 52i-TC** complies with all requirements of the 2020 NSPS standard.

Sincerely
